Supervisor Kopp requested that the Journal of Proceedings  
eflect his reason for voting no on the motion to table. The  
upervisor stated that in good faith he had made his motion to  
ontinue consideration of the item to satisfy the best interests of  
he people of the City and County of San Francisco and to give the  
ity Attorney full opportunity to manifest the positive results his  
ffice had publicly proclaimed since correspondence between the City  
ttorney's office and counsel for plaintiffs indicated the court  
earing on the City's motion for summary judgment in the case would  
robably be continued to September to allow the plaintiffs an  
pportunity to take the deposition of Mr. Richard Sklar. He further  
ommented that it is not now a question of who wins or loses the  
ase, but a question of devotion of time and energy to needless  
ursuit and expenditure of taxpayers' money.

Supervisor Molinari requested that the record reflect that at  
ny time the City Attorney recommends to the Board the dismissal or  
atement of the case, he would support that kind of recommendation,  
ut that the Board presently had no such recommendation. The  
upervisor further remarked that Supervisor Kopp could reinstitute  
is motion in the future, at which time he might support it.

The President thereupon reassumed the Chair.

(Supervisors Kopp, Dolson)

File 349-80

(Repeals Section 675, adds Section 675 and adds Sections 677.1, 677.2, 677.3, 677.4 and 679.)

Appointment of President Pro Tempore

Supervisor Kopp, seconded by Supervisor Dolson, moved to amend by restoring the reference to lampposts and poles in Section 675.

Noes: Supervisors Britt, Hongisto, Molinari, Renne, Silver, Walker - 6.

Supervisor Kopp, seconded by Supervisor Dolson, moved to amend Section 675 by requiring that persons who put up signs remove them by adding new subsection (f), and relettering (e) to (g), the new subsection (f) reading as follows:

"Every person who has posted any sign on any lamp post or utility pole, or who has caused such posting, as permitted by subsection (b) of this Section, shall remove such sign within 30 days of the posting date. The Department of Public Works shall remove any sign affixed to any lamp post or utility pole if (1) more than 30 days have elapsed from the posting date contained on the sign; or (2) the sign is not posted in the manner required by subsection (b) of this Section; or (3) the sign pertains to a particular event and

the date of the event has passed. If the City incurs any expense in removing signs posted on lamp posts and utility poles because they were posted in violation of any of the provisions of subsection (b) or were not removed within 30 days of the posting date, the person responsible for such posting may be billed as provided in Section 677.1 and, if such bill is not paid as required by that Section, is subject to payment of a civil penalty as provided by Section 677.2.";

and by adding new subdivision (5) to Section 675(b) to read as follows:

"(5) Every sign must have placed in the lower right hand corner in a legible manner a date which shall be deemed the posting date and which shall in no event be dated later than the date the sign is posted.": and

Amendment adopted by the following vote;

Ayes: Supervisors Dolson, Hongisto, Kennedy, Kopp, Nelder, Renne, Walker, Ward - 8.

Noes: Supervisor Britt - 1.

Absent: Supervisors Molinari, Silver - 2.

Supervisor Renne, seconded by Supervisor Walker, moved to amend adding the language recommended by the City Attorney, as follows:

Substitute following language for that in Section 675(a):

"The Board hereby finds and declares: The City and County of San Francisco has a compelling need to prohibit the posting of signs on public property in order to prevent the visual pollution caused by such signs and the resulting contribution to urban blight. Moreover, the placement of signs on public property causes damage to such property and, when done on or near traffic or directional signs or similar objects, threatens the safety of vehicular and pedestrian traffic. However, the Board is mindful of the importance of providing a forum for communication among citizens. While lamp posts and utility poles can provide such a forum, unrestricted use of signs would interfere with the clear view of traffic safety signs by motorists and with unobstructed use of public streets and sidewalks. In addition, unrestricted use of such poles would permit the placement of numerous signs of widely ranging sizes and shapes which protrude beyond the poles, thereby creating an aesthetically displeasing clutter of objects on and over public streets and sidewalks. A limitation on the size of objects placed on lamp posts and utility poles will provide an opportunity for a greater number of persons to communicate by this means."; and

amend further in Section 675(b) on page 2, line 18, by changing word "section" to "subsection"; by deleting the sentence beginning "No persons may affix..." on page 2, lines 25-26, and on page 3, lines 1-3; and inserting after the word "support" on page 2, line 25, the following:

"(4) No sign may be affixed with glue or any other adhesive substance, nor affixed in a manner that damages any structure or any public property."

and by making the final sentence of Section 675(b) on page 3, lines 3-7, a subsection (c) and changing remaining subsection designations according;

and by adding the following sentence to the end of subsection (b) of Section 675:

"As used in this section, a 'utility pole' shall mean a pole which carries or has attached to it a wire or wires used in connection with the Municipal Railway or telephone or electric lines.";

by deleting subsections (b) (2) and (3) of Section 675, page 2, lines 22-25, and inserting the following in their places:

"(2) All corners of the sign shall be affixed to the lamp-post or utility pole so that the shape of the signs conform to the shape of the lamp post or utility pole to which it is attached and no part shall extend or be suspended beyond the face of the post or pole; (3) no sign shall be longer than 11 inches;"

by adding at page 3, line 14, after the word "ordinance," the following phrase: ", except that this subsection is not applicable to signs placed on a lamp post or utility pole";

#### Requests Granted

There being no objection, the Board directed the Clerk to comply with the following requests:

By Supervisor Molinari, that letter be sent to the Chief of Police, transmitting for his comment and appropriate action copy of communication from a constituent complaining of a hazard existing in front of Notre Dame at Broadway and Van Ness because of parking regulations not being enforced.

Monday, July 26, 1982

By Supervisor Hongisto, that letter be sent to the District Attorney, asking him to verify as true that his number two man in command has denied that he was ever taken to a Police Station as had been reported in the newspapers.

By Supervisor Hongisto, that letter be sent to the Chief of Police, urging that he investigate the newspaper report of comments by a district police captain, when discussing reactions to arrests in the gay community for 'public drunkenness', to determine if the comments attributed to the police captain generalizing arrests of blacks and gays were made, inquiring whether there are counseling sessions for people in his department who speak that way about members of various minority groups, and further inquiring, since implied by the persons arrested that there appears to be some kind of "gay round-up" occurring, whether this is a pattern by police officers in the Castro area.

By Supervisor Hongisto, that letter be directed to all department heads to survey their use of telephone answering machines to determine if their machines do or do not take a message from a caller, refer the caller to another number, and, if the machine does refer calls to another number, whether that number is answered by human or machine.

By Supervisor Hongisto, that letter be sent to the Director of Public Works, inquiring as to department policy for watering the median strip on Dolores Street, in that a constituent of the Supervisor reports that the sprinklers are turned on an excess of eight hours as often as twice a week, and wonders why the waste continues.

By Supervisor Hongisto that letter be sent to the Department of Public Works relative to the assessment of costs for gas and electric services ordered to be rendered at 34 Turk Street by the Director of Public Works and submitted by the Director to the Board for action under File 41-82-7, to determine (1) Whether interest is charged on liens and, if so, the rate; (2) whether other steps are taken to collect on liens, or whether they just sit as liens against the property; and (3) what steps would have to be taken to earn interest on said charges at current rates.

By Supervisor Britt, that letter be sent to the Department of Health and Human Services, requesting information about their proposal to seek changes in the rules for Social Security, Medicaid, welfare and other programs without notice to or comment from the public.

By Supervisors Ward and Silver, that letter be sent to her Honor, the Mayor, asking her to proclaim the week of October 10-17, 1982, as "Gladys E. Palmer Week" in San Francisco.

By Supervisor Walker, that letter be sent to the Department of Social Services, directing the department, in conjunction with the Refugee Forum, to develop a proposal for the planning and implementation of a county plan for San Francisco for refugee services.

By Supervisor Nelder, that letter be sent to the Registrar of Voters, requesting comments on the July 8, 1982 report of Deputy Registrar Colleen Y. Wong.

#### Requests Granted

There being no objection, the Clerk was directed to comply with the following requests:

By Supervisors Ward and Molinari, send letter to Chief of Police, requesting that the inventory of stolen vehicles be affixed to each three-wheeler meter minder vehicle in an effort to increase the percentages of recovered stolen vehicles.

By Supervisor Britt, that letter be sent to the City Attorney regarding the procedure followed concerning the increase of garbage rate fees, noting that on June 2, 1982, an increase of usage fee was published, that the effective date was omitted and that the Rate Board did not meet until June 29, 1982 to vote on the increase, also noting that according to the Chief Administrative Officer, the Department of Public Works and a Deputy City Attorney, this was on a technical error. In connection therewith, the Supervisor requests that the City Attorney's opinion be obtained as to the validity and legality of the procedures and notice involved and as to what recourse users have to express their complaints in that the short period of notice did not enable people ample time to protest the increase.

By Supervisor Walker, that the City Attorney be asked to advise whether the Board of Supervisors can amend an ordinance that has been enacted by a vote of the people.

By Supervisor Britt, that joint letter be sent to the City Attorney and the Department of City Planning, calling to their attention the unsightly proliferation of billboards on private property at the northwest corner of Haight and Cole Streets, inquiring whether such billboards are legal under existing planning ordinances and laws regulating public eyesores, and asking the addressees to suggest possible legislative changes to prevent this kind of blight.

By Supervisor Kopp, send letter to Assemblyman Willie Brown to inquire into his reported amendment to an existing bill, the effect of which would permit an increase in filing fees for Superior Court actions with the provision that a resolution of the Board of Supervisors would be required for such increase to go into effect, and further that all monies collected from the increase in fees would be used to build a new court house.

Monday, August 30, 1982

The Supervisor noted that information provided to him indicates Mr. Brown made the representation that the amendment was being advocated by him at the request of the City, and asks that the Assemblyman be requested to provide information as to what authorization was received from the "City" for such amendment and who requested him to carry the rider or amendment that would allow the increased fees. Supervisor Molinari also requested that a copy of this letter be sent to San Francisco's State Legislative Advocate.

By Supervisor Kennedy, that letter of inquiry be sent to the Department of City Planning and the Department of Public Works, asking for information as to the status of the construction of the Tenderloin Park at Eddy and Jones Streets.

By Supervisor Dolson, that letter be sent to the Tax Collector, inquiring as to the feasibility of preparing an information pamphlet on provisions embodied in the Residential Energy Conservation Ordinance, which would be available to interested members of the public, particularly home sellers and real estate agents.

By Supervisor Dolson, that letter be sent to the Tax Collector, inquiring into procedures used in letting out contracts for parking meter collections, with specific reference to the pros and cons of using the "per meter" basis as distinct from a "per individual collection" basis.

Referred to Transportation and Traffic Committee.

Requests Granted

There being no objection, the Clerk was directed to comply with the following requests:

Supervisor Britt requested that letter be sent to the Recreation and Park Commission concerning the sale of Coors beer at Candlestick Park. Because of that company's record in labor relations and negative history of dealing with minorities, inquire who has the authority to see that sale of their product at Candlestick is discontinued.

Supervisor Hongisto requested that letter be sent to the Tax Collector, attaching copy of letter from W. F. O'Keefe, San Francisco Taxpayers Association, inquiring if a procedure exists to ensure collection of payroll taxes from out-of-town contractors working on jobs for the City and County of San Francisco and, in the absence of such a procedure, suggesting that he devise one, perhaps along the lines suggested by Mr. O'Keefe.

Supervisors Kennedy and Silver requested that letter be sent to appropriate City agencies to determine the feasibility and cost effectiveness of using methanol car fleets when purchasing City vehicles.

Supervisor Nelder requested that letters be sent to Mayor Feinstein Dr. Edward Martin, Dr. Sheridan Weinstein, and Ms. Shirley Jones, concerning Mission Neighborhood Health Center, stressing its importance and urging that everything possible be done to ensure this necessary and vital center remains open.

Supervisor Nelder requested that letter be sent to the Director of Public Works urging him to survey the area along Carol Avenue between Keith Street and Bancroft Avenue to determine the impact of No Parking restrictions between 12 Noon and 3 PM on surrounding businesses, and to consider the feasibility of changing the street cleaning hours to a time when the businesses are not open.

Monday, September 13, 1982

Supervisor Nelder requested that letter be sent to the Director of Public Works requesting he provide copy of information concerning the traffic flow, directional signs and pedestrian information for Powell Street, between Beach and Jefferson, and if there is any current plan to change the present situation in response to neighborhood complaints and hazards.

Supervisor Silver requested that letter be sent to California Energy Commission regarding possibility of getting State subsidies for conversion of San Francisco's fleet to methanol use.

Supervisor Ward requested that letter be sent to the Director, San Francisco Cleanwater Program, requesting information about the affirmative action hiring policies of the program. Further, requesting information about the hiring lists for eligibility of stationary engineers. Specifically, asking if out of city and/or out of state stationary engineers are being hired without regard for the 28 persons on the program's eligibility list in need of jobs.

Supervisor Molinari requested that letter be sent to the Mayor, concerning File 101-82-42, an ordinance appropriating \$60,450 for professional and special services, District Attorney, asking that these matters be given to us in a timely manner so they can be dealt with. The Supervisor noted the Finance Committee has been asked to hold extraordinary special meetings on Mondays to deal with these items, which could be dealt with in the normal course of events.

Supervisor Molinari requested that letter be sent to the Recreation and Park Commission inquiring what they intend to do about the sound system at Candlestick Park; also inquire of the number of ushers that have been reduced dramatically. Was this done with authority of Recreation and Park Commission? It poses difficulty in seating and in keeping the aisles open for fire safety.

Supervisors Molinari and Walker requested that letter be sent to John Walsh, Civil Service Commission inquiring as to whether the Commission had contact either written or verbal regarding proposition "F" with Local Government Services Division prior to letter of August 23 from George Brown, Manager, Merit System services.

Supervisor Silver requested that letter be sent to the Department of Public Works conveying notice of California Energy Commission Fuel Efficient Traffic Signal Management Grant Program.

Requests Granted

Monday, October 18, 1982

There being no objection, the Board directed the Clerk to comply with the following requests:

By Supervisor Molinari, that letter be sent to the Chief of Police, directing his attention to the recently posted signs restricting truck traffic on Chestnut Street, between Van Ness Avenue and Laguna Street, advising there is reportedly no enforcement occurring relative to the restriction at this time and the street is being used as an alternate route, and requesting that he notify his Traffic Division to start enforcing the traffic regulation.

By Supervisor Molinari, that letter be sent to the Chief of Police to inquire as to how many parking patrol persons are on duty in Residential Permit Parking Area A, noting the Supervisor has received complaints from residents in this area that there is little or no enforcement of the parking regulations. The Supervisor specifically requests information as to the number of checkers in the area, the hours they work, and particularly how many are on duty between the hours of 4:00 to 9:00 p.m.

By Supervisor Molinari, that letter be sent to the Housing Authority regarding their property at 227 Bay Street, noting it has been brought to his attention by tenants in the building that the building is fourteen years old and the exterior has not once been painted in that period of time. The Supervisor requests that information be provided to him as to what schedule the Housing Authority has for exterior painting of this building and when it was last inspected as to its exterior condition.

By Supervisor Molinari, that letter be sent to the Mayor, inquiring as to when the proposed alternate security plan of walking patrols in City Hall will be implemented, in view of the fact that Judges of the Superior Court have concurred with the Board and voted on October 15, 1982 to rescind the order for stationary security systems at the Van Ness Avenue and Polk Street entrances to City Hall.

By Supervisor Molinari, that letter be sent to the Mayor, asking her to inquire of the Public Utilities Commission whether or not the 20-minute headways on the #58 Leavenworth bus line could be tightened up to 15-minute headways. The Supervisor noted that concerns have been expressed about the change from 10-minute to 20-minute headways, particularly by Fisherman's Wharf merchants. The Supervisor wished it noted that he supports use of the #58 line buses on California Street, but believes that the shorter 15-minute headways could be maintained while providing bus service to California Street.

By Supervisor Nelder, that letter be sent to the Mayor, inquiring as to what steps are being taken to provide temporary shelter for San Francisco's homeless and whether any of the City's surplus funds have been allocated toward providing such shelter.

By Supervisor Nelder, that letter be sent to the Director of Property, asking that a survey be performed to determine whether any vacant City-owned properties could be used as temporary housing for an Franciscans who are currently living in the streets.

By Supervisor Nelder, that letter be sent to the Mayor, urging her to give serious consideration to the request of the Chancellor of the San Francisco Community College District that twenty-five major maintenance projects necessary to ensure the health and safety of students and employees of the school district be performed gratis.

By Supervisor Nelder, that a letter be sent to the Superintendent of Schools, inquiring as to the reasons for the recent reduction in the following personnel at Herbert Hoover Middle School: security aide, noontime supervisor, clerical staff and cafeteria staff.

By Supervisor Nelder on behalf of Supervisor Kopp, joined by Supervisors Britt and Hongisto, invite the Chief Administrative Officer to attend the Board meeting to be held on October 25, 1982, at 2:00 p.m., to report on all circumstances surrounding the employment of Mr. Jack Lambert as Director of the City's Convention Facilities Department, and request him to provide the Board with a written report thereon at or prior to the Board meeting.

By Supervisor Renne, request City Attorney to prepare an ordinance amending Section 52 of the Health Code to include the Ferret species known as *Mustela Putorius* as animals eligible for permits.

By Supervisor Walker, that letter be sent to the Director of the Department of Public Health, asking what the department's plans are for District Health Center #3, specifically with respect to changes in staffing and programs operating out of that health center over the next year.

By Supervisor Ward, that letter be sent to the Chief of Police, requesting that every effort be made to station patrol cars in the area of 19th and Holloway Avenues, during the morning and evening rush hours in particular, in order to stem the tide of individuals running red lights in an area that has had twenty incidents involving autos and pedestrians since the beginning of the year.

By Supervisor Ward, that letters be sent to the Department of Public Works and the Municipal Railway, requesting information as to whether or not it would be possible to have the traffic signal at 19th and Holloway Avenues triggered by the presence of an LRV in a manner such as to allow pedestrians additional time to cross to or from the tracks, and further requesting the Department of Public Works to investigate the traffic pattern on that corner with a view to altering the traffic signal to give more time to crossing pedestrians or to have a pedestrian only green signal, such as are in the financial district.

By Supervisor Dolson, that letter be sent to the Public Utilities Commission, inquiring as to whether adequate provision has been made for alternative bus service to the Russian Hill area during the cable car reconstruction project.

By Supervisor Hongisto, that letter be sent to the Recreation and Park Department, urging it to immediately arrange for routine garbage pickups at the new park located at Larkin and O'Farrell Streets.

By Supervisor Hongisto, that letter be sent to the City Attorney, asking him to ascertain if the proposed \$300,000 expenditure from the Candlestick Park special fund for a stadium study is legal and appropriate within the guidelines of the special fund.

By Supervisor Britt, refer draft ordinance dealing with the establishment of special committees of the Human Rights Commission to the City Attorney for review of and preparation in form, with the request that the legislation be returned in proper form to the Human Services Committee at or prior to the October 26, 1982 meeting of the committee.

Monday, October 18, 1982

By Supervisor Kennedy, that letter be sent to the Public Utilities Commission to determine if residents were notified that the Bethel Housing Corporation bus stop at Octavia Street would be removed, and inquiring as to the possibility of reinstating said bus stop.

By Supervisor Silver, that City Attorney be requested to prepare within thirty days a Charter amendment for her subsequent introduction in Board which would add to the purposes for which Hetch Hetchy funds can be appropriated, energy conservation, including loans to other governmental entities who purchase power from the City and County of San Francisco.

By Supervisor Silver, that letter be sent to the Chief Administrative Officer, joining in the City Librarian's protest and objecting to the proposal to fix the leaking roof problem at City Hall by tarring over the skylights above the Law Library, inquiring whether the tarring of the skylights is, in fact, a proposal, and requesting information as to the rationale for it.

By Supervisor Silver, request City Attorney to prepare appropriate legislation to permit the sale of fresh fish and live fowl at the Farmer's Market at the United Nations Plaza.

By Supervisor Molinari, obtain opinion from the City Attorney as to whether the Board of Supervisors has the authority to enact legislation to mandate background checks and resume and application checks on civil service exempt and personal services contract employees, or whether it requires a Charter amendment.

By Supervisor Dolson, request the City Attorney to provide a written report to the Board of Supervisors before the next regular meeting on October 25, 1982, explaining why leases, including sub-leases, which have been purportedly entered into relative to the Bethlehem Shipyards have not been brought before the Board for approval, and inquiring as to the status of an offer by San Francisco Welding & Fabricating, Inc., contained in its letter to the Port of San Francisco, dated October 5, 1982.

By Supervisor Kennedy, send letter to the Presiding Judge of the Juvenile Court and the Juvenile Justice Commission to ascertain their opinions on the Army's establishing an ROTC pilot program which would provide military training to individuals now under the jurisdiction of the City's Youth Guidance Programs.

By Supervisor Hongisto, send letter to the General Manager of the Recreation and Park Department, inquiring as to whether the street lights on John F. Kennedy Drive, Middle Drive and South Drive are operative and illuminated in the early dawn hours.

By Supervisor Dolson, that letter be sent to the Public Utilities Commission and the Department of Public Works, inquiring what arrangements are possible to allow necessary delivery procedures to be made during the cable car reconstruction project on California Street, between Larkin and Hyde Streets.

By Supervisor Britt, that letter be sent to the Airports Commission, requesting information on the status of its efforts to comply with the National Labor Relations Board findings that the taxi lot management has committed unfair labor practices.

By Supervisor Ward, that letter be sent to the Bureau of Building Inspection to ascertain the process involved and/or requirements for placing domestic hot water solar systems within apartments and other dwellings in San Francisco. The Supervisor requests information as to what permits are required and why, and that copy of the letter be sent to members of the Planning Commission.

By Supervisor Ward, that letter be sent to the Chief Administrative Officer, relative to actions and policies of the Real Estate Department in hearing complaints from citizens appealing the "capital improvement" pass throughs allowed by the Rent Stabilization and Arbitration Ordinance (Section 37.7 of the Administrative Code).

By Supervisor Ward, that letter be sent to the City Attorney to obtain an interpretation of the appeal process contained in the Rent Stabilization and Arbitration Ordinance.

By Supervisor Walker, that letter be sent to the Civil Service Commission and the Airports Commission, to obtain status report on the rehiring of workers laid off as a result of the decision of the Board of Supervisors to contract out certain janitorial services at the Airport.

By Supervisors Walker and Kennedy, that the following information be requested of the City Attorney and/or the Redevelopment Agency:

What is the process for amending a Redevelopment Plan?

What authority does the Board of Supervisors have to amend a Redevelopment Plan?

Monday, October 25, 1982

Does the Redevelopment Agency have the power to quitclaim or otherwise transfer property to the City and County of San Francisco?

Does the Board of Supervisors or the City Planning Department or Commission have the authority to require developments in redevelopment project areas to provide mitigations? If such a requirement cannot be made, what courses of action are open to the Board to effect the same end?

By Supervisors Renne, Walker and Ward, that the City Attorney be requested to provide clarification of the appropriateness of measures being reconsidered by the Board following earlier denial of an appeal from the City Planning Commission's decision by the Board of Supervisors.

By Supervisors Silver, Dolson and Nelder, that City Attorney be requested to prepare legislation repealing Article 35 of the Police Code, regulating the possession of handguns, in time for action by the Board on November 8, 1982.

By Supervisor Nelder, that letters be sent to the Port Commission and administrative officials of Todd Shipyards, inquiring (a) whether it is true that Bethlehem Steel workers who are high on the seniority list and have been hired by Todd have also already been laid off by Todd, and (b) whether any Todd employees have suffered the same fate.

By Supervisor Nelder, that letters be sent to the Public Utilities Commission and the Department of Public Works, pointing out that since constructions schedules for the cable car reconstruction program have been established, it may be appropriate to consider the inaccessibility of Russian Hill, Nob Hill and Fisherman's Wharf areas and the possibility of better serving these areas.

By Supervisor Nelder, that letter be sent to the City Attorney, pointing out the duty of his office is to represent this Board of Supervisors and the City and that such duty does not include the power to employ - for free or for money - out-of-house counsel without obtaining the permission of the Board, and requesting written assurance that the situation which occurred in the handgun litigation case does not happen again.

By Supervisor Nelder, that letter be sent to the Public Utilities Commission, expressing outrage at the excessive exhaust being spewed out into the environment by Municipal Railway buses, a prime example being Bus #4050, and inquiring whether there are any plans to stem this hazardous pollution.

(Adds Section 1380(A).)

Supervisor Renne, seconded by Supervisor Walker, moved passage for second reading.

Mr. Raymond Wong of the Department of Public Works reported to the Board that it was not the intention of the department to comment on the merits of the pending proposed legislation concerning condominium conversions as it is a matter of policy to be determined by the Board of Supervisors. Mr. Wong noted, however, that the legislation should be reviewed by the City Attorney as the State Subdivision Map Act provides that each local agency may by ordinance regulate and control subdivisions provided that such regulations are not more restrictive than provided by the Act.

Deputy City Attorney Alice Barkley advised that she could not answer definitively whether or not the State Map Act precludes the City from restricting condominium conversions as there is no case law on the point, but that to her knowledge there is no other city with the prohibition provision that is not tied to a vacancy rate.

Supervisor Renne, seconded by Supervisor Silver, moved to amend to add a whereas clause to the resolution, reading as follows: "Whereas, the Department of City Planning has found that presently there is a 2.7% vacancy rate and a large number of unsold condominiums in the market; now, therefore, be it enacted that".

Motion to amend failed adoption by the following vote:

Ayes: Supervisors Nelder, Renne, Silver - 3.

Noes: Supervisors Britt, Kennedy, Kopp, Molinari, Silver - 5.

Absent: Supervisor Ward - 1.

Excused: Supervisors Dolson, Hongisto - 2.

Supervisor Silver, seconded by Supervisor Walker, moved to continue consideration to November 15, 1982.

Consideration continued by the following vote:

Ayes: Supervisors Britt, Kennedy, Molinari, Nelder, Renne, Silver, Walker - 7.

Noes: Supervisor Kopp - 1.

Absent: Supervisor Ward - 1.

Excused: Supervisors Dolson, Hongisto - 2.

Ordinance approving the lease between Todd Shipyards Corporation, a New York Corporation, and the City and County of San Francisco, operating by and through the San Francisco Port Commission. (Port Commission)

File 352-82-3, Ordinance No. 546-82

Statement of Supervisor Kopp

Supervisor Kopp read the following statement and requested that it be included in the Journal of Proceedings:

"I voted 'yes' on this ordinance only because doing otherwise would in my judgment result in a loss of revenue to the City and County of San Francisco. It is apparent that the Todd Shipyards Corporation has obtained sufficient ship repair business to provide income to San Francisco and some stimulus for our economy.

"Let my vote not be mistaken for approval of the questionable, and perhaps illegal, tactics utilized by the City Attorney and President of the Port Commission who cleverly contrived a memorandum of understanding to obligate San Francisco and force this Board of Supervisors to adopt this lease ordinance. To them, the means apparently justify the end. I will watch with interest what happens at this city facility in the years ahead and after the initial bloom has faded. My heart goes out to those former Bethlehem Steel Corporation employees who were cast aside by the memorandum of understanding."

The roll was thereupon taken on the pending ordinance and it was finally passed by the following vote:

Ayes: Supervisors Britt, Hongisto, Kennedy, Kopp, Molinari, Nelder, Renne, Silver, Walker, Ward - 10.

Noes: Supervisor Dolson - 1.

Mr. Harold Geissenheimer, General Manger of the Municipal Railway, responded to questions concerning the diesel bus bid status and reported that the Municipal Railway lacked the facilities to do the rehabilitation work in-house.

Supervisor Renne, seconded by Supervisor Walker, moved to table and requested that the Journal reflect the basis for her motion to table was the City Attorney's advice that under the Charter the Board is confined to taking the lowest bid and, therefore, subject resolution is meaningless despite its good intention.

Motion to table adopted by the following vote:

Ayes: Supervisors Britt, Hongisto, Kennedy, Kopp, Renne, Silver, Walker, Ward - 8.

Noes: Supervisors Dolson, Molinari, Nelder - 3.

Recommendation of Civil Service and General Administration Committee

Passed for Second Reading as Amended

[Domestic Partnerships]

Ordinance amending Administrative Code, establishing domestic partnerships and requiring boards, commissions and departments of the City and County of San Francisco to afford to domestic partners the same rights and privileges as spouses. (Supervisor Britt)

File 257-82-4, Ordinance No.

(Adds Chapter 46.)

Statement of Supervisor Silver

Supervisor Silver read the following statement and requested that it be included in the Journal of Proceedings:

Monday, November 22, 1982

"This afternoon this Board will consider legislation to create a category known as domestic partnership for the employees of the City and County of San Francisco. Much has been said - some of it greatly misleading, demonstrating a lack of understanding of the legislation itself - so much, that, as Chair of the Civil Service and General Administration Committee, I feel the need to clarify the scope of this legislation.

Q: How much will this legislation cost the City?

A: Essentially, nothing.

"The legislative intent is clear. Gay men and Lesbians and couples, who have chosen for their own personal reasons not to enter into the covenant of marriage, who are our employees - some of whom have enough seniority to be considering their retirement - have not been afforded the same benefits or considerations allowed the rest of our employees. This legislation will allow these members of the community the opportunity to spend their own money and to meet the obligations they have undertaken with another person.

"Specifically, the legislation provides that no benefits available to spouses of City employees will be denied to those domestic partners of City employees. Those benefits are: bereavement leave; visitation rights, as if next of kin, at General Hospital and the Hall of Justice; equal consideration by the San Francisco Housing Authority; and eligibility to enroll in one of the City's health insurance programs at their own cost. (Participation in the Retirement System will not be available to domestic partners - changes in it would require a Charter amendment.)

"The greatest concern indicated in discussion of domestic partners is the eligibility for health insurance coverage and the cost to the City. This is a lavender herring, if you will - we all know that no dependant of any City employee is eligible for health insurance without paying for that coverage - any domestic partner of a City employee will be required to pay for the cost of the health care.

"But let us look at this objection a little more closely. Primarily, objections raised have been whether City employees who choose to enroll domestic partners might do so only if the domestic partner was in need of medical care, thus creating what is known in the health care field as "adverse selection." This same argument can be, and probably was cited for extending health care benefits to the ceremonially married spouses of City employees when that opportunity became available. Those City employees who have called my office - they work for the Controller, the Municipal Railway, and our own department are concerned about the welfare of their domestic partners, each of whom are gainfully employed. At present, we have no scientific or empirical evidence to indicate whether City employees are married to or in domestic partnership with other members of the work force (most working people are covered by a health plan where they work, and would not seek coverage in any case.) What we need is an opportunity to test the question of adverse selection by permitting this opportunity to occur, and at year's end to then examine the results.

"Representatives of various health insurance providers testified at the committee meeting. At the meeting, it was pointed out that single people subsidize to some degree the health benefits of people with dependant coverage. Specifically, Supervisor Britt is subsidizing the health insurance for my children.

Monday, November 22, 1982

"The objection raised by some representatives is that this has never been done before, therefore they can't predict what may happen. Well, until the Golden Gate Bridge Board established the one-way toll, that had never been done either, and it was initially received with a great amount of public debate. It is now accepted around the country as a model. It didn't seem to hurt, and the lack of a model is certainly the least convincing argument for not advancing into the future.

"The theories that this legislation will increase the City's budget and the burden to other City departments are just that, theories and nothing more. Even the registration of domestic partners in the Recorder's office has a fee that the Budget Analyst certified will cover the expenses incurred by that office.

"In order to participate as a domestic partner, both people must certify that: they are not related by blood; neither is married nor related by marriage; they share the common necessities of life (as defined by the State of California); they are each other's principal domestic partner, and they must certify the starting date; neither has declared to any City department that they have another domestic partner within the past six months, and both are over age 18. How many people will want to publicly declare their domestic partnership is unknown.

"Others have said that this may open up the door for other individuals to have access to health insurance. Perhaps it will cause us to question why someone should be denied health care at all. But that is not before this Board right now. We are here to address the needs of City employees who are members of responsible couples. We each know many members of domestic partnerships, we work with them, and they are our employees.

"At another time this Board may want to address the needs of parents, children over 23 and business partners, as Supervisor Kopp has suggested. That is not inappropriate, but the time is not today. Pass this legislation today. I look forward to the introduction of more thorough legislation in the future, and in dealing with how we, as a society, take care of each other's medical needs."

#### Motion to Amend

Supervisor Britt, seconded by Supervisor Silver, moved to amend to delete the word "principal" on page 1, line 26, on page 4, lines 9 and 16, and on page 7, lines 5 and 6; and to delete in Section 46.3, on pages 2 and 3, the following:

"In order to comply with Section 46.2, a City department may require an individual identifying himself or herself as a member of a domestic partnership to provide a written statement verifying that claim, but only under circumstances in which the department requires that marital status be verified in the same or substantially similar manner.

"The department may further require that the statement be given under oath, under penalty of perjury or with some other appropriate formality, but only under circumstances in which the department requires that marital status be verified in the same or substantially similar manner."

Monday, November 22, 1982

COMMUNICATION

The Clerk read the following communication from her Honor, the Mayor:

Monday, December 6, 1982

The Honorable  
Board of Supervisors  
235 City Hall  
San Francisco, CA. 94102

Ladies and Gentlemen:

I want to advise you of recent actions taken to ensure adequate fire protection in our Muni Metro subway tunnels.

An inspection of the dry standpipes in the Muni Metro subway, between Van Ness Station and the Twin Peaks tunnel, last Thursday revealed extensive deterioration, rendering the standpipes unable to carry adequate water pressure in the event of a fire. Therefore, the Fire Department has installed charged hose through the tunnel. Chief Condon informs me that in his view the fire hose will be adequate to any emergency.

The deteriorated standpipes are those in the tunnel itself, not in the stations, and I understand that the facilities are of a different nature west of the Castro Station in the Twin Peaks tunnel. Together with BART, we will be undertaking an inspection of the joint BART/Muni tunnel equipment east of Van Ness to the Embarcadero Station beginning today.

The Public Utilities Commission has declared an emergency, in accordance with Section 6.30 of the San Francisco Administrative Code, and has requested the Controller to reserve \$24,000 to permit immediate excavation in the tunnel to assess total damages and any possible emergency repairs. However, it appears that the standpipes will need to be replaced, even while any legal questions are pursued regarding the responsibilities of BART and of the contractor for the Muni Metro tunnel facilities. I want to alert the Board to the potential of a standpipes replacement funding measure being submitted in the near future.

I am pleased with the quick response of both Muni and the Fire Department in addressing the immediate problem, and I will keep you informed as additional information is forthcoming on this matter.

Sincerely,

/s/

Dianne Feinstein  
Mayor

Noted and ordered filed.

By Supervisor Ward, that City Attorney be requested to draft appropriate legislation to provide for a series of rent security deposit payments for tenants who have resided in a building for more than two years.

Monday, December 6, 1982

By Supervisor Renne, that letters of inquiry be sent to the Rent Stabilization and Arbitration Board and the City Attorney concerning security deposits of first and last month's rent, to determine whether, in a situation where a building has changed ownership, tenants who have resided there continuously for a period of from four to ten years can be required to pay the security deposit or whether the landlord, under Civil Code Section 1950.5, is required to collect the security deposit on or before the initial occupancy of the tenants. The Supervisor requests an early response to such inquiry.

By Supervisor Walker on behalf of Supervisor Britt, that letter be sent to her Honor, the Mayor, requesting her office to investigate the following possibilities to aid the homeless:

1. Opening restroom facilities in both public parking structures and structures under the jurisdiction of the Recreation and Park Department.
2. Providing adequate staffing for and opening of those schools which have shower facilities during a convenient time period.
3. Pinpointing private and public structures which could sleep a number of homeless during this time.

By Supervisor Walker, that the City Attorney be requested to prepare an ordinance establishing a moratorium for restaurants, fast food establishments and bars on Clement Street, between Arguello Boulevard and Funston Street, for a period of twelve months.

By Supervisor Walker on behalf of Supervisor Britt, that a letter be sent to the Chief of Police requesting information, in view of comments in a recent column by Herb Caen that the Internal Affairs Bureau is investigating a lesbian officer for just that, whether the IAB is, in fact, making or has a policy of investigating its officers based upon their sexual orientation.

By Supervisor Walker on behalf of Supervisor Britt, that letter be sent to the Department of Public Health, requesting an investigation of the presence of falling asbestos at the Harvey Milk Recreation Center at 50 Scott Street.

By motion of Supervisor Silver, duly adopted in Board, send telegrams to members of the California congressional delegation, transmitting copy of Resolution No. 480-82, which memorialized Congress to oppose enactment of SB 2222 (Simpson/Mazzoli), the Immigration Reform and Control Act of 1982.

By Supervisor Hongisto, send letter to the Clerk of the Municipal Court, inquiring about implementation of recently passed State legislation which allows for a ten percent bail to be posted directly to the Clerk of the Court and returned after resolution of the case, and requesting information whether those arrested for applicable misdemeanors are made aware they may avail themselves of the refundable bail option.

By Supervisors Hongisto, Walker and Britt, that an opinion be obtained from the City Attorney to determine whether the Muni's proposed change of transfer policy (to make a transfer good for only one additional ride) constitutes a fare increase and, therefore, subject to approval by the Board of Supervisors.

By Supervisor Walker on behalf of Supervisor Britt, that information be obtained from the City Attorney, in light of his opinion that a 25¢ transfer fee would constitute an adjustment in rates, fares or charges and would be subject to approval of the Board, about the Public Notice which appeared in the Sun Reporter concerning hearing to consider modification to the schedule of rates, fares and charges of the Municipal Railway.

By Supervisor Dolson, that letter be sent to the Controller, requesting the following information concerning contracting out of City services:

1. Is any work now specifically required by the Charter or other law to be done by city and county employees and, if so, what percentage of positions are in this category and which are the positions?
2. Who decides which jobs could be contracted out and how are bids invited?
3. How are contracts renewed?
4. After approval by the Board of Supervisors, what is included in the contract, i.e., affirmative action requirements, deadlines if applicable, provision for cost overruns, incentives for finishing sooner?
5. Who monitors quality of work in progress, quantity of work completed against deadline, satisfaction of completed work, and who pays for the monitoring?
6. Once a bid is submitted, can the amount be raised after acceptance?
7. At completion of contract, is final cost compared with original bid and with what the City's cost would have been?
8. How many contracts are in existence at the present time and how much money is involved?
9. Is the trend toward increasing or decreasing contracting out?
10. What is the usual length of a contract? What provisions are made for providing services involved if contract terminates prematurely when a contractor cannot fulfill contract?
11. When contract terminates, who provides the services until it is decided whether to continue to contract out or have work done by City employees?
12. When it is decided to contract out a service, what happens to the City employees who would normally have done the work? What jobs are they assigned to? Are any terminated because of this? If so, is any termination or severance pay involved?
13. What happens when a department becomes overloaded? Does it hire more people, getting further behind during training; authorize overtime or contract out the overload?
14. Is there a difference between contracts and funding for non-profit organizations, e.g., alcoholic rehabilitation programs being administered by a non-profit organization for the City?
